# Monumental Masons

*Usually families hire a monumental mason to design and supply a monument or inscription. The mason (on your behalf) must ensure that the design is approved by the cemetery and obtain the necessary permits before any work commences.*

## General Information:

- All masonry work proposed is subject to prior approval by the cemetery and all work is to be consistent with Australian Standard, AS 4020 – 1994(Headstones and Cemetery Monuments) and cemetery guidelines.
- Headstones, monuments or inscriptions must be installed through a monumental mason who is registered to work within Catholic Cemeteries. A list of registered Monumental Masons (see below table) is available for your information.
- The Cemetery will only grant a monumental permit with the consent of the grave/crypt Burial License owner.
- The Cemetery reserves the right to remove without notice, any unauthorised works, excessive or incorrectly placed monuments.
- The Cemetery is not liable for the future care, maintenance, preservation, conservation or restoration of monuments. Monuments and other memorials arranged directly with a mason remain the responsibility of the Burial License owner.

### Please Note:

**Catholic Cemeteries & Crematoria does not endorse or recommend any one specific Stone Mason. This is a list of Stone Masons that meet the requirements to be registered to work in Catholic Cemeteries. We take no responsibility for your choice of Stone Mason or any work the Stone Mason undertakes at your request.**
